Memorandum of Contests for Buttermakers

Judges: JOS. BURGESS, L. A. GIBSON, JAS. R. FLAN and W. J. BECKETT.

1. THE CONVENTION CREAMERY BUTTER EXHIBIT—This exhibit consists of a 14-pound box of butter, solid pack, put up in each of the months of May, June, July, August, September and October.

PRIZES

THE BURNS CHALLENGE TROPHY, with cash prizes of \$25.00 and \$15.00, presented by Messrs. P. Burns & Co., Ltd., Calgary.

THE DE LAVAL ALBERTA PROVINCIAL SPECIAL, \$125.00 in cash, divided into seven prizes, presented by the De Laval Co. Ltd., as follows:

First prize, \$27.00; second prize, \$23.00; third prize, \$19.00; fourth prize, \$17.00; fifth prize, \$15.00; sixth prize, \$13.00; seventh prize, \$11.00.

2. THE "ALL CANADA" COMPETITION. This competition, originated by the Manitoba Dairy Association in 1919 and by it conducted for several years, now follows the Western Canada Dairy Convention, and will, therefore, be for 1927 in charge of the Alberta Dairymen's Association.

CLASS 1—One 14-pound box, solid pack, made between September 1st and 15th; to be shipped not later than September 15th.

CLASS 2—One 14-pound box, solid pack, made between October 1st and 15th; to be shipped not later than October 15th.

Prizes will be awarded on the group system and the sum of \$400.00 will be divided among the winners in the two classes.

In addition to cash prizes in each class, gold, silver and bronze medals will be awarded the three exhibitors securing the three highest average scores in the two classes.

If, in either class, an exhibitor fails to score 41 points for flavor for his exhibit, and otherwise to reach the third group standard, he shall be ineligible for prizes for highest average score.

VANCOUVER CHALLENGE TROPHY—A bronze trophy, to be won three times, is offered for the best average score obtained in the classes of the "All Canada" competition.

3. THE CREAMERY BUTTER EXHIBITORS' CONTEST—Open to Alberta buttermakers who exhibited creamery butter at the exhibition held during 1926 at Calgary, Edmonton, Regina, Brandon, Vancouver, Toronto, Ottawa, London, New Westminster, Victoria, and the Royal Winter Fair, Toronto. Trophy presented by the Alberta Department of Agriculture.

ALBERTA DAIRYMEN'S ASSOCIATION CASH PRIZES: \$25.00, \$20.00, \$15.00, \$12.00, \$10.00, \$10.00, \$8.00.

4. WESTERN CANADA CREAMERY BUTTER EXHIBITORS' CONTEST—Capt. J. J. Logan, of the Vancouver Ice and Cold Storage Co. Ltd., presented at the 1925 Western Canada Dairy Convention, Vancouver, B.C., a silver challenge trophy for competition in the new contest that is to be known as the Western Canada Creamery Butter Exhibitors' Contest.

The trophy becomes the property of the exhibitor who wins it three times (though not necessarily in succession). During the interval it remains in the custody of the Secretary of the Western Canada Dairy Convention.

5. ALBERTA DAIRY SUPPLIES LIMITED INTER-PROVINCIAL SPECIAL—The Alberta Dairy Supplies Limited, Edmonton, offers the following prizes in the Inter-Provincial Creamery Butter Exhibitors' Contest:
First prize, Challenge Trophy, Gold Medal and \$40.00; second prize, Silver Medal and \$35.00; third prize, \$30.00; fourth prize, \$25.00.

The trophy becomes the property of the exhibitor who wins it three times (though not necessarily in succession). During the interval it remains in the custody of the Secretary of the Western Canada Dairy Convention.

6. BUTTER JUDGING CONTEST—Free for all. (See Programme for Tuesday Morning.)
1. The judging will be done upon an individual basis, and each contestant will draw a numbered ballot which will be the key to the series of packages that he will score.
 2. Each person participating will score not less than ten packages of butter and will be given three minutes' time for each.
 3. Groups of four each are then made up according to the numbers drawn and each group will make a composition test of a given sample of butter by the modified Kohmann method, as follows: The person holding the lowest number in a group will weigh the sample for analysis; the person holding the next higher number will evaporate, and determine the percentage of, its moisture contents; the next in order will determine the percentage of butterfat in the sample; the fourth will titrate for salt contents and record the particulars, calculate the remaining solids of the sample and complete the statement, which will afterwards be signed by all members of the group and handed to the official in charge. The results of the several operations done by the members of each group will be credited equally to them all, hence, any errors that may be made will be chargeable to them all. Forty minutes' time will be allowed for the completion of the composition test.

PRIZES

The Alberta Dairymen's Association will provide the prizes in this Contest, consisting of books to the value of \$75.00. Copies of the following valuable works will be presented: "The Butter Industry," by Prof. O. F. Hunziker; "The Management of Dairy Plants," by Prof. M. Mortensen; "The Principles and Practice of Butter-making," by McKay and Larsen, and "The Proceedings of the World's Dairy Congress, 1923," in two volumes.

7. THE DE LAVAL INTER-PROVINCIAL—The three exhibits (six samples in each) which receive the highest score in the De Laval Provincial Special, Sec. 1, will automatically enter the De Laval Inter-Provincial in competition with the two highest scoring groups from corresponding classes in Manitoba and Saskatchewan. Prizes will be awarded, one in each Province, based on the aggregate score of each Provincial group of eighteen samples; first prize to the group having the highest aggregate score, second prize to the group having the next highest aggregate score, and the third prize to the group having the lowest aggregate score. The prize money will be distributed in proportions of 50% of the first prize money to the exhibitor of the highest scoring set of samples in the winning Provincial group, 35% to the second highest scoring set of samples and 15% to the third highest. This plan calls for team play. Where all may score alike, the money will be divided equally between the three exhibitors, or where any two may have the same score, there will be an equal distribution of the money, the amount to be divided depending upon whether they tie for first or second place. The distribution of money representing second and third prizes between exhibitors comprising the other two groups will be in the same proportions, and the same rule, as to ties, shall apply.

First prize, \$50.00; second prize, \$40.00; third prize, \$30.00.
